Visitors can see West Indian manatees every day of the year from the park's underwater observatory in the main spring. The park showcases native Florida wildlife, including manatees, black bears, bobcats, a Florida Panther, American alligators, red wolves and many species of birds. Manatee programs are offered three times daily. At the Wildlife Encounter programs, snakes and other native animals are featured. Recreational opportunities include picnicking, nature study and bird-watching. Transportation from the visitor center on U.S. 19 to the West Entrance is available by tram or boat. The park has two gift shops and a café with a selection of beverages and snacks. Plan 3.5 to four hours to tour the park.
